

## XXVIII LATIN AMERICAN POULTRY CONGRESS - OVUM 2024

### RESEARCH PAPER'S SUBMISSION

#### GUIDELINES FOR ABSTRACTS' SUBMISSION -

Please read the following guidelines carefully before submitting your abstract.

1.1. Abstracts must present original research, teaching or extension work relevant to the field of poultry sciences. Bibliographic revisions neither opinion articles are to be considered. **Authors must associate their work to one of the following topics:**

- Pathology and health
- Physiology
- Production and welfare
- Nutrition and feeding
- Genetics and reproduction
- Food safety
- Economy
- Education and extension
- Poultry meat quality and meat products
- Egg quality and egg products

2. Abstracts must have a maximum of 2500 characters (including spaces, excluding title and list of authors). It should provide sufficient information for comprehension. Languages approved for submission are Spanish, English and Portuguese.

3. Abstract must include each authors' role (presenter and co-authors). First author will be considered presenting author in case not clarified otherwise. In case the first author is not presenting author, please underline the presenting author. The corresponding author will be the one who will receive all future communication regarding the status of the abstract.

4. Each presenting author must register at the Congress (applying early bird fee) and will be able to submit a maximum of 2 abstracts. The number of co-authors is limited to 15 for each abstract. All abstracts must present unreported data or findings and provide the following information, without subtitles:

- i. Title \*
- ii. List of authors with affiliations;
- iii. Keywords: up to 3

[www.ovum2024.uy](http://www.ovum2024.uy)

- iv. Introduction and objective
- v. Experimental design and description of material and methods, including statistical analysis
- vi. Results
- vii. Conclusions

5. Being a technical and scientific forum, papers contents shall not be of commercial nor of promotional aspect.

6. Authors must ensure that their measurements and units of measurement follow the International System of Units (SI). In addition, international standards for anatomical, zoological, botanical or chemical nomenclature must be followed.

7. Abstracts will ONLY be submitted online via the website <https://ovum2024.uy/> before midnight on June 30, 2024 (GMT-3). At least one author must register at the Congress to obtain access to a username and password to submit an abstract.

8. Abstracts received within the dates established in the Call will be submitted to a peer-review process by the members of the Scientific Committee. Reviewers will remain anonymous to the authors and all correspondence will be accomplished within the scientific committee and the corresponding author. Reviewers will evaluate and classify the abstracts according to the following criteria:

- i. Novelty
- ii. Clarity of experimental design and methods
- iii. Results and conclusions quality
- iv. Writing clarity and quality

9. The corresponding author will be notified of the acceptance or rejection by 30<sup>th</sup> June 2024 via email to the address provided at the moment of submission being responsible to inform co-authors. If evaluators request corrections, they will be announced via email, and the corrections must be sent by August 15, 2024 inclusive. Reviews out of this deadline will result in rejection of the abstract.

10. Acceptance for presentation as “oral communication” (12 minutes + 3 minutes for discussion), “panel poster” or “electronic poster” shall be decided by the Scientific Committee based on the evaluation by reviewers and the appropriateness to the topics of the sessions. Authors will receive a defined time for oral presentation in front of a panel or digital screen in the poster area
